SF-6 4/10 Hi Gene - A snow storm has changed our plans today & all the rds. of N. New Mex! It's supposed to be WARM in the SW.! But we've only had a couple days when jackets were unnecessary! We came direct to Dan's mother's, arriving 4/7 & left yesterday. Got to meet Lib & her friends & see more of Dan's area rigats. She is definitely moving to Florida, to Pitesburg where she has friends. But her home is not sold. She seems better but discouraged about the sand storms & gardening problems. We camped last nite & it snowed but we were warm! (over)

INTERIOR OF CATHEDRAL OF ST. FRANCIS
Santa Fe, New Mexico

This beautiful church, in the Midi-Romanesque style, is a tribute to the great Archbishop John B. Lamy. Skilled workmen were brought over from Italy and France to do the masonry and magnificent interior construction.
